

ROYAL AND PRIOR PARENTS' ASSOCIATION

Nominations of Parents to School Board of Management (BOM)

Dear Parent/Guardian,

The Royal and Prior Parents' Association are inviting nominations for two parents to sit on the School Board of Management. These are important positions as they represent the views of parents in the policies and decisions agreed and implemented by the BOM which affect the government and future direction of our school.

There are specific regulations regarding parent board members: The term of office is five years. Two parents must be appointed, one male and one female. The positions are open to any parent with a child currently attending our school. You must have the consent of the person you wish to nominate before putting forward any nomination. If more than the required number of nominations are received (1 male and 1 female), each nominee must issue a short election statement. (They will be contacted regarding this matter). An election will follow in the form of a secret ballot on the evening of the **A.G.M. WEDNESDAY 25th OCTOBER at 8.00pm.**

We would also take this opportunity to remind all parents that the annual €50 contribution is now being collected. This represents excellent value for money as it allows our school to finance vital projects to improve the educational and extra curricular experience of every student attending the Royal and Prior. There will be representatives from the PA present at the first-year student and other parent/teacher meetings to accept your payment or alternatively you can send your payment in a clearly marked envelope to the school office.
